## SPRING POW-WOW 1996, WHAT A WEEKEND!

Where else can you find more things to do in one weekend than can possibly be done? Only at the 1996 AAL-PA-TAH Spring Pow-Wow that's where. You must be wondering what are some of the things for you to do this weekend, well let us list a few shall we. Waterballoon splashbash, climbing, volleyball, broom hockey, rifle shooting, risk competition, capture the flag, active arrowman award, swimming, water polo Aal-pa-tah style, the quest for the golden arrow, a Carnival, prizes, weekend trading cards, Chapter competitions, movies, Order of Chaos, Magic, raffles, basketball, Monopoly competition, tide slide, and if that is not enough don't worry because there's lots more where that came from. Please take advantage of all the activities that you can because there are plenty to choose from. In this news letter we've included a whole bunch of information on the different activities going on this weekend and how to take advantage of them. So read through it and find out what is going on. At the back of this newsletter is a schedule so stay informed and be ready for anything. The Weekend Chairman Shannon Delhamer

would like to extend his thanks to all the people that have helped to put this weekend together, especially the 1997 Section Conference Entertainment Committee. To all of you that came to have fun we hope you enjoy the weekend.

### THOSE GUIDES

You may have noticed several people walking around wearing black neckerchiefs. These people are there to help you. Not only are these people major contributors to the outcome of this weekend, but they know what is going on or at least were to find out. So if you need some information about what is going on this weekend ask someone who is wearing a black neckerchief.

## WATERBALLOON SPLASHBASH

That's right, on Saturday afternoon, on the Activity field, there will be a knock down drag out waterballoon fight. We suggest that you come prepared to get drenched and to soak others as well. If you brought a water gun bring it along. This is a no holds barred water balloon, sponge, soak'em till there swimming, fun fest so bring yourself and get ready to get wet, muddy, and have a good time. You thought the swimming pool held a lot of water HA!

## THE ORDER OF CHAOS WHAT THE F\*%@ IS IT?

Well that's a good question. You see everyone in Aal-pa-tah is a member of the Order of Chaos and yet no one is. So do you understand? If not then the only way to really know is to attend the campfire Saturday night and all will be explained. If you want a special Order of Chaos flap they will be on sale **AFTER** the campfire in a very limited supply.

## THE WEEKEND CHAIRMAN SAYS "PARTICIPATION A MUST"

You should have received a special booklet called the Active Arrowman Award Record Booklet. It lists all of the things that you must do to earn the Limited Edition Active Arrowman Button. There may seem like a lot of things to do to earn this award, but when you look most of the requirements are things you are going to do anyway. Make sure to keep your record book with you at all times so the proper people can sign you off when you complete the requirements. Check the schedule so you don't miss requirements. This is a participation award so the only way to earn it is to get involved. If you have any questions just ask anyone wearing a black neckerchief.

## THE QUEST IS ON

Can you say COMPETITION? I knew you could. That's right the Quest for the Golden Arrow along with several other competitions will test your chapters mettle. If your chapter isn't big enough don't worry we will find you a chapter to participate with and if you don't know what chapter your in then just ask. Some of the competitions include broom hockey, water polo, many Quest events and much more. So listen up, show your Chapter Spirit, and LET'S GET READY TO RUMBLE!

## THOSE HARD TO FIND WEEKEND TRADING CARDS

So you've discovered that pack of 16 cards you got when you registered. As you look through them you'll notice that they're all the same "hey I got gypped" you think to yourself; but NO that's not the case. You see, the point of these cards is to TRADE for the ones you don't have. There are 16 different cards and you have all weekend to collect them all. One of the cards can only be traded for at the Saturday campfire, so make sure to attend and bring your cards. If you notice in your Active Arrowman record book; trading for a complete set is one of the requirements to receive the Active Arrowman Award. Be sure to fill out the information on the back of your cards before trading. Remember this is for fun and meant for you to get out and meet the other brothers, each brother received a different set so it's up to you to trade for the entire set.

## Don't RISK a MONOPOLY

This year we are starting the first annual Risk-Off & Monopoly Masters tournaments. We realize that many of you will want to compete in both tournaments. So the Monopoly Masters Tournament will begin Friday night and run until there is a winner (sometime in the early morning), and the

Risk-Off Tournament will begin Saturday night and run until there is a winner (sometime in the earlier morning). If you want to compete sign up at the proper table, you'll see it. Get ready, count your money, review your strategy, and be prepared for all our war. Do you really think your tough enough.
