

DR. TOM STURROCK
Wood Badge Scholarship Fund

SCHOLARSHIP PURPOSE: To make participation possible for deserving scouters who would otherwise be unable to attend Wood Badge. In administering funds given by generous people, fundraising, etc., great care must be exercised in order that only those scouters who need and deserve such help shall be aided, and that details shall be handled in such a way as to cause no embarrassment to the scouter or his/her family. All scouters who receive a scholarship will be required to earn or provide part of the fee, in keeping with the Ninth point of the Scout Law, "A Scout is Thrifty" – unless conditions known to the scouter are such that this is impossible. The scouter's unit is recommended to provide a portion or the entirety of the fee.

Applications should be returned to the Gulf Stream Council Service Center as soon as possible.

Under normal conditions, the scholarship is up to one third of the total Wood Badge fee. If there are unusual circumstances, the Scholarship Committee will consider additional funds. However, additional funds are limited and will be granted only in the case of unusual circumstances. Applicants should expect to join the Wood Badge staff in fundraising activities including staffing the Grill at Scout Advancement Weekend in November to raise funds for the scholarship fund.

A deposit of \$50.00 (payable to: Gulf Stream Council) needs to accompany this application. You will be notified by the Scholarship Committee as to what the balance is and the date payable. If the scholarship is not approved your money will be refunded.
